# **SITUATION SUMMARY**

## **May Day Demonstrations, May 1, 2015**

The Cal OES Law Branch monitored May Day demonstrations in Los Angeles and the Bay Area on Friday, 5/01/15. Law Branch deployed an Assistant Chief to the Region I RMAC (LASD) in the DOC in Los Angeles and an Assistant Chief to the Region II RMAC (Alameda SO) in the Oakland PD EOC.

### **Los Angeles:**

There were myriad protests around the city. These included 300-400 at MacArthur Park and an estimated 2000 protesters at Grand Park. There were smaller numbers of peaceful protesters at LA City Hall as well as Olympic Boulevard and Broadway Street, and various other locations. There were Occupy LA protesters at Pershing Square, and a small contingent of a group calling themselves the LA Liberation Army who planned an anti police demonstration, indicating via social media that they would be violent. Nothing significant occurred, and the LASD demobilized and closed their command post at approximately 2100 hours, Friday. There are additional anti police protests scheduled for the Los Angeles area beginning approximately noon Saturday, 5/02/15. The LASD will activate their DOC in response.

### **Oakland:**

The day was broken into two distinct periods; in the morning and early afternoon. Peaceful protests occurred in and around downtown Oakland and the Port of Oakland. These concluded at approximately 1400 hours with no significant activity to report. At 1725 hours, SFPD reported about 400 protestors in their city in the area of 24th and Mission. With a strong Law Enforcement presence there were no incidents reported. A report from BART PD indicated up to 300 of these protestors were enroute to Oakland but all were peaceful. By 1930 hours, two separate crowds of approximately 200 each had formed in downtown Oakland near City Hall. As dusk settled, the crowds became more aggressive. By 2045 hours, Oakland PD had requested 150 Law Enforcement Mutual Aid (LEMA) officers. For the next several hours the groups threw bottles, rocks and bricks at LE Officers, set fires, overturned dumpsters and committed multiple acts of vandalism to businesses as they marched through the City. OPD and allied agencies made numerous arrests and issued numerous citations before protests concluded around midnight. There were no reported injuries to law enforcement. 14 agencies assisted in the effort including: Alameda County S.O., Alameda PD, Berkeley PD, CHP, Contra Costa County S.O., Emeryville PD, Fremont PD, Hayward PD, Pleasanton PD, San Leandro PD, San Mateo County S.O., Santa Clara County S.O., Solano County S.O. and UC Berkeley PD. The Oakland EOC demobilized at 0100 hours, and will activate again on Saturday, 5/02/15 for another round of protests which are expected to begin at 1200 hours.

The Cal OES Law Branch will continue to coordinate with regional partners, monitor protest activity, and provide situational updates .

# **SITUATION SUMMARY**

## **7.8 Magnitude Earthquake, Kathmandu, Nepal**

In response to Nepal's request for urban search and rescue (US&R) assistance the United States State Department, U.S. Agency for International Development's, Office of Foreign Disaster Assistance (USAID/OFDA) has deployed two INSARAG-Classified Medium US&R teams: Fairfax County, VA (VA-TF1, identified by USAID/OFDA as USA-1), consisting of 54 personnel to include six Canine Search Teams; and Los Angeles County, CA (CA-TF2, identified by USAID/OFDA as USA-2), consisting of 57 personnel to include six Canine Search Teams. USA-1 and USA-2 are actively operating in Nepal at this time.

As of May 2, 2015, the Government of Nepal reports approximately 6,621 fatalities and 14,566 injuries.

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought
- Received Water Emergency Resolution (local conservation efforts) due to Drought from the City of Hollister dated 04/20/15
- A Drought Resolution Continuation dated 04/28/15 has been received from Mariposa County

## **Weather of Concern**

- No significant Weather Watches or Warnings are in effect.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:**

#### **Eureka Weather:**

High pressure will bring dry conditions to northwest California through the weekend with seasonable temperatures near the coast and inland temperatures above normal.

#### **Medford Weather:**

Mostly dry and warm weather will persist through Sunday. Today will be cooler than Friday as low level flow turns onshore. A weak elongated short wave trough over the forecast area will result in a slight chance of showers today and Sunday. On Monday, temperatures will be several degrees cooler as the marine influence increases over the area. A transition to a cooler and showery weather pattern will occur on Tuesday.

#### **Reno Weather:**

Temperatures will remain well above normal through this weekend. A weak low pressure trough will develop near the West Coast and move inland early next week. This will result in afternoon showers and thunderstorms each day into early next week. Temperatures will trend lower by midweek with the potential for an unsettled and cooler weather pattern.

#### **San Francisco Weather:**

The marine layer is around 1000 feet this morning with low clouds inside the Bay and most coastal valleys. This will lead to cooler temperatures for all locations this afternoon as the clouds slowly mix out through midday. Continued seasonable and dry weather is forecast for Sunday through Tuesday. An upper trough may approach the region the second half of next week and mix out the marine layer, but no rain is expected for the Bay Area.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:**

#### **Sacramento Weather:**

Warm temperatures with a slight chance of mountain thunderstorms will continue through early next week. Cooler and possibly more unsettled weather will set in late next week.

#### **Hanford Weather:**

High pressure over the Desert Southwest will provide for above normal afternoon temperatures over the central California interior through early next week. Isolated showers and thunderstorms will be possible near the southern Sierra Crest each afternoon and evening with the remainder of the area remaining dry.

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

The skies will be fair inland, but onshore flow will bring night to morning low clouds and fog to the coast through the weekend. A low will arrive on Sunday to deepen the overnight marine layer and cool temperatures. Then another low will approach on Thursday for increasing cloud coverage into the weekend. The temperatures next week will be a little below normal.

#### **Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

A weak low pressure system off the California coast will move slowly inland through Southern California on Sunday and Monday. This will bring cooling and increasing night and morning coastal low clouds and fog as the marine layer deepens and onshore flow strengthens. There is also a slight chance of afternoon and early evening thunderstorms on Monday, mainly for the mountains and deserts. Onshore flow will continue through the end of the week with below average temperatures for inland areas, gusty west winds in the mountains and deserts, and small chances for light precipitation around Thursday.

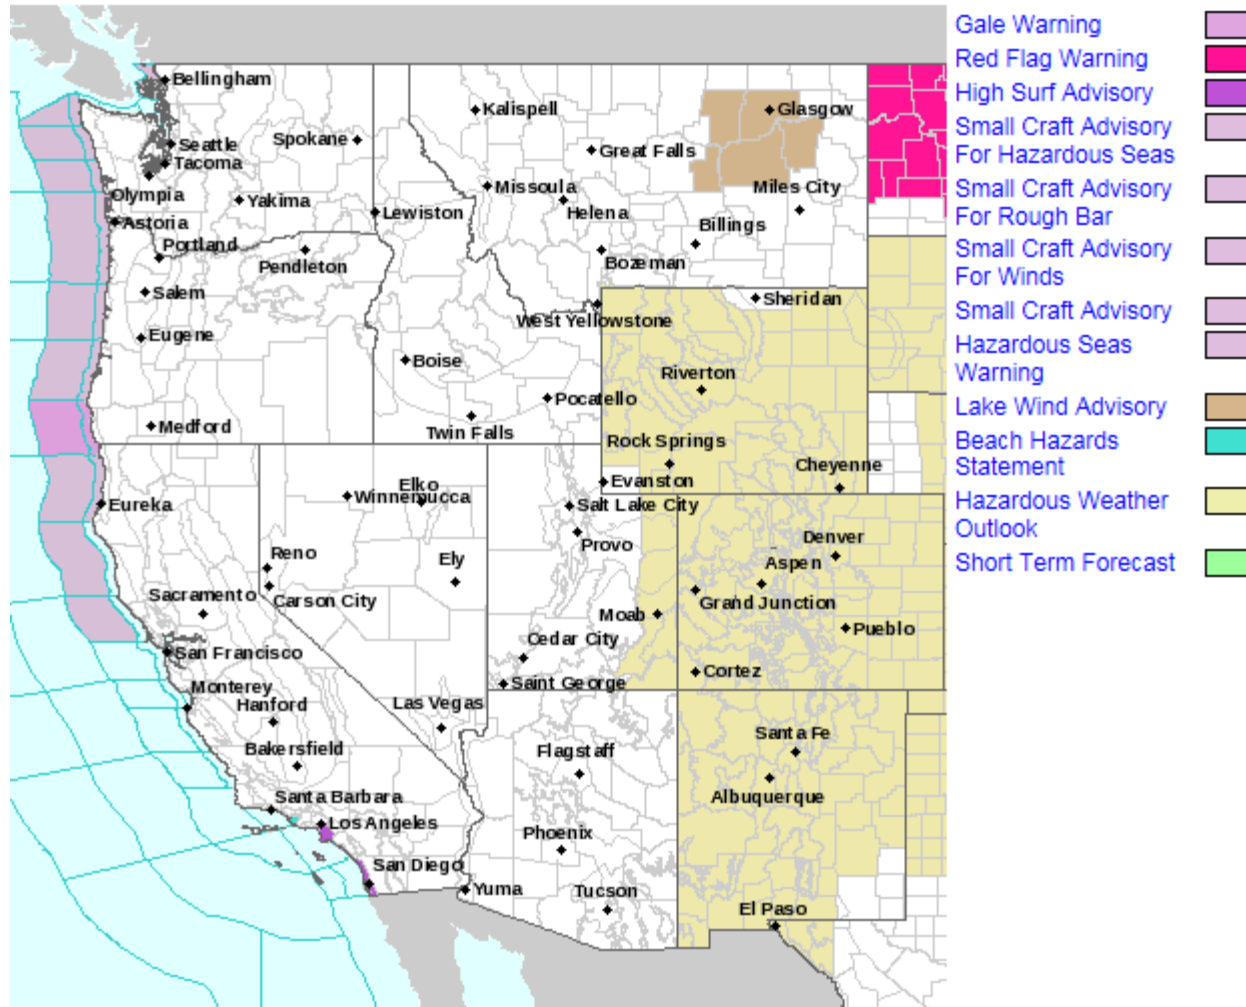

#### **Southeast California Weather:**

Dry southwest flow aloft will affect the area this weekend and we will see the start of a gradual cooling trend lowering high temperatures into the middle 90s by Sunday. The cooling trend will continue into early next week. Dry conditions are forecast for Wednesday into the latter half of next week, although a large upper low developing over the Western States will lead to further cooling along with an increase in afternoon breeziness.

## RECOVERY ACTIVITIES

### Round Fire, Mono County

- On Day 29, received confirmation sampling results from six sites and two re-tests. Of the six, four sites were below objectives and two were not. Of the two re-tests, both were below objectives. All hazard trees were removed on Day 29. Hydro-seeding of private lots started.
- Tree falling crews completed removing, bucking, and chipping hazard trees on the private home sites. Contractors continued installing erosion control devices and working on final punch list.

### **Project Totals as Day 29:**

37	Homeowners who registered for the removal project.
4	Homeowners that denied entry.
38	Initial site assessment/site documentation complete.
38	Asbestos survey completed and results received.
37	Debris removal completed.
37/35	Confirmation sampling completed/approved.
34	Tree Removal Completed (35 homes have hazard trees).
0	Erosion Control Completed.
0	Approved by County for Building Permit.

### **Estimated Daily Tonnage:**

Category	Day 28	Day 29
Debris/Ash	0	0
Soil Disposed	0	0
Metal Recycled	0	0
Concrete Recycled	0	0
Total	0	0

### **Estimated Project Total Tonnage for the Project as of Day 29:**

Category	Total Tons
Debris and Ash Disposed	3,459
Soil Disposed	4,480
Metals Recycled	1,476
Concrete Recycled	3,916
Total All Categories	13,331

# **CAL OES 2014 DROUGHT**

## **Cal EOC Incident – 2014 Drought**

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regional (Inland, Coastal, Southern) conference calls continue to occur on a weekly basis.

# CAL OES 2014 DROUGHT

## Cal EOC Incident – 2014 Drought

### **Local Emergency Proclamations:**

**A total of 56 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:**

- 25 Counties: El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 10 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Montague (Siskiyou County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), and City of West Sacramento (Yolo County), City of Willits (Mendocino County), City of Manteca (San Joaquin County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
